

Dry Running Self Lubricating

Code Numbers

Arvis DRSL plain bush code numbers are preceded by the letter R, followed by bore size, outside diameter and length (mm)

Standard Sizes for DRSL Plain bushes

Arvis DRSL bushes are available in the standard sizes listed in the table below. They are suitable for fitting into H7 housings and for a running fit to f7 shafts

Plain non-Split Standard Bush Sizes - Metric

d	D	BUSH LENGTH L		
		1 DIAMETER	1 ½ DIAMETERS	2 DIAMETERS
20	30	R20-30-20	R20-30-30	R20-30-40
